Forelle Pears

Fun Facts

Forelles are one of the smallest varieties of pears, a little larger than Seckel pears. For what they lack in size, Forelle Pears make up in sweet flavor and beautiful appearance. They are known as a great "snacking" pear! Their unique characteristic are their red "freckles" that develop while ripening, as their skin turns to a yellow-green. Overall crop size is small, but demand is always large, which makes it the best kept secret among Pear lovers!
