APPLE GALA RFD CREAMY ORANGE SWEET CRISP PINK YELLOW

FUN FACTS

Gala Apples are a cross between a Red Delicious & Kidd's Orange Red
These apples are one of the most extensively grown apples around.
The flesh is creamy, yellow & crisp with a mild sweetness & floral aroma
The skin is a thin orange to yellow, with stripes of pink or red.
These apples are great for a snack - they are low in calories
They contain a dietary fiber shown to lower cholesterol levels
The Gala Apple was developed in 1932 by J.H. Kidd from New Zealand
